

NEWSLETTER No.1

January 24th, 2020

Dear pilots, after record braking warm winter and long silence because of no-ice-no-good-news situation here's the first Newsletter to you.

As you might already know all our lakes are in open water, there's no frost even at the nights. The first ice possibly to be discovered is 1200 km away in Finland, starting on 63rd parallel North...

So the organization has taken a hard decision to rename our event to No-Ice-Blokart-World Championships and to hold it on the asphalt on the wheels.

In a short time we succeeded to secure as a venue Kaunas Aleksotas airfield with a big asphalt area with almost unobstructed wind.

Venue coordinates: 54°52'39.2"N 23°53'08.0"E
